GHMC lays plastic road in Sainikpuri

Another stretch in the city is getting new roads with disposable plastic material in it. In the first, second and third Crescent Road in Sainikpuri, the Greater Hyderabad Municipal Corporation (GHMC) has taken up the construction of plastic road over a length of 3 kilometres.

The new road will come up at a cost of Rs. 25 lakh, according to Executive Engineer Dattupanth.

The life of the experimental road is expected to be seven years.

The disposable plastic will constitute 8% while the rest will be bitumen, he said. A total of 2% will be saved on the project because of the usage of plastic.

The life of the road is expected to be seven years.
