Underground sewerage project

Kolkata, March 23

Subhash Projects and Marketing Ltd has signed a Rs 525.79-crore contract for an underground sewerage project for the Mira Bhayandar Municipal Corporation of Maharashtra, according to a company press release. The contract includes installation as well as operation and maintenance for five years after commissioning. The project would provide underground sewerage facilities in the 24 sq km area of the municipality within 30 months. It would involve laying and commissioning 107 km of sewer lines, construction of 10 pumping stations and 10 sewage treatment plants. The project has a completion deadline of August 2011, the release states. - Our Bureau
